Other _____

1. All fees are payable at the time of departure. A deposit may be requested prior to services.
2. A copy of the completed stallion contract and stallion owner contact information are provided to WPES by mare owner.
3. I acknowledge that there is no guarantee of conception with artificial insemination performed by WPES.
4. All animals left in the care of WPES must be in good general health and shall be determined free of infectious, contagious or transmittable disease. Horses will be examined on arrival and unhealthy animals will not be allowed to stay.
6. It is required that all mares be current on Coggins, vaccinations and deworming. A copy of the Coggins and vaccine record must be provided. Any horse that is not current will be administered the required vaccines and dewormer by WPES and the fees will be applied to owner's account.

Required vaccines: EWT/Rhino/Flu **Optional:** West Nile/Rabies/Strangles/Rotavirus

7. I acknowledge that the requested activities provided at WPES are by their inherent nature dangerous activities and that participation by owner, his/her personnel, and horse(s) exposes them to risk of sickness, injury or death. Inherent risks includes but is ***not*** limited to:
 - personal injury or death of persons around owner's horse or other horse(s)
 - collision of owner's horse with another animal or object
 - potential that another horse may expose owner's horse to sickness
 - owner's horse behavior that may result in self-inflicted injury or death
 - injury or death due to unforeseen circumstance related to examination or treatment of owner's horse, such as but not limited to, a rectal tear.

I hereby specifically acknowledge I have been informed of the inherent risks potentially associated with the breeding and care of my mare (and foal, if at side) and fully release Western Prairie Equine Service and staff from any and all claims, demands, and liabilities.
